AS401

The AS401 is unique for two reasons. Manufactured from carbon, it is light yet sturdy, and perfectly suited for producing music. Its slightly curved design and high-gloss black or white finish make it discreet yet also incredibly elegant. The specially designed driver unit ensures a clear, warm sound.
This makes it suitable for use both as a standalone and in a home cinema set-up. Ideal when combined with the AS-A800 from the Genius series. Available in high gloss black and white, with multi-functional bracket.
